Veerashaiva college, Ballari
Department of Zoology

In the last week of July 2017 .i.e 28.07.2017 as a part of curriculum B .Sc 4th sem students were taken to **Tungabhadra fisheries** situated at T.B. Dam, Hospet. **Sri. Anand Puranic**, Director of the centre was pleased to welcome our students and the faculty. He explained in detail about the various steps involved in the aquaculture. The students enjoyed to see the different ponds like Breeding pond, Hatching pond, Rearing pond & Stocking pond. The other staff in the centre demonstrated Hormonal injection to the fishes. Many photographs were also exhibited in the museum. At the end of the study visit , students & faculty felicitated the director for his Co-operation & active participation & interaction with the students. The students taken the photographs of different techniques involved in Pisciculture.
